Introduction

The health and wellbeing of all pupils is at the heart of this scheme of work. Education research is now steeped in studies that demonstrate the positive impact that emotional literacy and pupil resilience have on health and wellbeing, these having been identified as essential elements for emotional adjustment, personal wellbeing, fulfillment and interpersonal relationships. Over the past twenty-five years neurological research has increasingly supported this evidence.

A commitment to developing emotional literacy and resilience in pupils is now known to increase and augment their intellectual and academic potential by enhancing attainment and achievement and by having a positive impact on behaviour at school. In this respect, wellbeing and learning are very much two sides of the same coin, enhancing and enriching the other. As Jenny Fox Eades describes,

*Humans learn - it is part of what it means to be human. We are learning from our first breath until our last. And learning helps us to thrive, to grow, to flourish, it is essential to our wellbeing. Learning helps us to achieve wellbeing and achieving wellbeing helps us to learn (2012).*

The UK education system has, over the past ten years, seen a huge rise in initiatives that prioritise a focus upon pupils’ emotional health and wellbeing. The Social Emotional Aspects of Learning (SEAL) initiative now sits alongside a number of other effective programmes aimed at developing resilience and social and emotional skills within all pupils. For example:

- Rights Respecting Schools
- Philosophy for Children (P4C)
- Mindfulness initiatives, such as the Mindfulness in Schools Project and the Mind Up Curriculum
- Relationship building approaches such as R-Time

The number of programmes and resources available is comprehensive and diverse, which is encouraging for schools wishing to develop a health and wellbeing curriculum which can appropriately meet the needs of their pupils within their particular circumstance and demographic.

This *Emotional Wellbeing and PSHE Framework* provides a flexible approach, which schools can follow completely or by which they can be inspired to develop their own curriculum. An extensive resource section of current and practical ideas, session plans and classroom projects are also supplied.

In addition, the Department of Education for Schools has recently (30 January 2014) introduced mandatory timelines for all schools to publish their school curriculum by subject and year group by the Spring term 2014, including their provision of personal, social, health and economic education (PSHE).
To support schools in developing their PSHE curriculum, the PSHE Association has published its own guidance on sex and relationship policies and a suggested programme of study for PSHE education.

We hope that this Emotional Wellbeing and PSHE Framework will provide an additional breadth of support for schools in meeting and maintaining this mandatory guideline.

**The national context of health and wellbeing in schools**

In addition to the recently introduced mandatory curriculum timelines, as educators we assume both a statutory and ethical responsibility to provide opportunities within which a child’s wellbeing can flourish. Part 2, section 10 of The Children Act 2004 places wellbeing within five categories. A positive school experience contributes significantly to each of these.

- physical and mental health and emotional well-being;
- protection from harm and neglect;
- education, training and recreation;
- the contribution made by them to society;
- social and economic well-being.

The Children Act 2004 also provides Her Majesty’s Chief Inspector (HMCI) the statutory responsibility to inspect the contribution of schools to pupil health and wellbeing. The recently updated Ofsted Framework for School Inspection (2014) requires school inspections to identify:

- the achievement of pupils at the school
- the quality of teaching in the school
- the behaviour and safety of pupils at the school
- the quality of leadership in, and management of, the school.
- the spiritual, moral, social and cultural development of pupils at the school
- the extent to which the education provided by the school meets the needs of the range of pupils at the school, and in particular the needs of disabled pupils and those who have special educational needs.
A whole school approach

A whole school approach is essential in terms of enriching the total experience of wellbeing in school. This might include: staff health and wellbeing, feeling welcomed, nurturing and supportive relationships, excitement for learning, staff modelling positive behaviours to pupils, feeling safe, having a sense of belonging and celebrating staff and pupils achievements and successes.

While all curriculum subjects are required to provide opportunities to promote pupils’ spiritual, moral, social and cultural (SMSC) development, schools must demonstrate how this is achieved and embedded within the whole school ethos, including staff and pupil relationships and extra-curricular activities. A PSHE curriculum provides a strong starting point for supporting SMSC development and developing the health and wellbeing of pupils. Curriculum delivery within a school where every single person is supported to inspire and make a significant contribution to children’s self development and wellbeing creates a powerful, positive energy for growing and learning.

The Healthy Schools London (HSL) programme promotes a whole school approach to improve children and young people’s wellbeing.

Many Barnet primary schools engaging with HSL and the local support available to achieve an HSL Award report that the process enables them to identify current strengths and good practice, together with planning actions for areas for improvement.

We hope that the information and resources listed will inspire whole school engagement, enabling the health and wellbeing of pupils, staff and families to flourish.

Within the curriculum

In preparing this Emotional Wellbeing and PSHE Framework we recognise that many schools promote the development of emotional health and wellbeing (EHWB) through PSHE, whilst others may use Social Emotional Aspects of Learning (SEAL) as a starting point for planning their PSHE provision.

Our aim here is to provide a flexible approach, which allows primary schools to review current practice and develop a broad and balanced curriculum to meet the health and wellbeing needs of their children, whilst being adaptable as new issues surface. For example, over the last few years new topics have emerged as society and technology have developed and changed:

- Safety – cyber bullying, protecting on-line identity
- SRE – sexting, female genital mutilation (FGM)
- Self esteem – body image, self harm

In the following curriculum modules we have provided links and references to resources that are freely available to schools. We are, of course, aware there are a wide range of commercial resources and schemes of work also available. Whatever your current practice, this Emotional Wellbeing and PSHE Framework will give you the opportunity to undertake a review of the materials you use, their effectiveness and appropriateness, as well as identifying any gaps in provision.

Further resources and support

There are two online organisations in particular that schools may want to consider joining in order to access a range of practical support and free resources:

- **PSHE Association** (£100.00 per annum)
- **The SEAL Community** (£75.00 per annum)
Guide to the curriculum framework

We have based the framework on the PSHE Association’s PSHE Education Programme of Study (published in October 2013) with emotional health and wellbeing woven within it.

Themes and strands

There are three overlapping and linked core themes, and each has two main strands:

1. Health and wellbeing
   - Physical
   - Sex and Relationships
2. Relationships
   - Social
   - Emotional
3. Living in the wider world
   - Economic wellbeing
   - Being a responsible citizen

Modules

Each strand is divided into 6 modules; one for each year group for Key Stages 1 and 2. We have provided an outline one-page module for every Year group, which is the equivalent of half a term’s work.

Every module is divided into six blocks (which could be a lesson or split sessions), each with identified learning objectives and suggested appropriate resources.

Overview

We have provided an overall grid by strands and year group as outlined above (page 12).

Below we have summarised a number of options for how the curriculum may be delivered.
Delivery options and principles

When considering your school’s Wellbeing and PSHE curriculum you may wish to consider the following delivery options and principles.

Option 1. Complete package
Follow the scheme as laid down for one session per week.
Some blocks may be more effective if split between two half sessions per week where time may be needed for children to reflect on learning, practice new skills or techniques. e.g. within emotional and social wellbeing strands.

Some modules could be more effectively delivered over a more intensive period of time (such as an off curriculum day or focus week) e.g. Anti-bullying Week; Enterprise Day; My Money Week; SRE fortnight, either across school or for specific year groups.

Option 2. Combined with SEAL
If SEAL is strong and well embedded, then it may be appropriate to continue with that and drop the core theme of Relationships (emotional and social strands). Then you may cover the other four strands in whatever way best meets the needs of the children, the time available and fits with the school’s systems e.g. 3 weeks of SEAL followed by 3 weeks of one of the other strands.

In a school with mixed year groups, it may be more appropriate to alternate SEAL and other strands on an annual basis to avoid repetition.

Option 3. Topic based curriculum/International Primary Curriculum (IPC)
Match year group modules to the most appropriate topic during the year. See the thematic map showing how the Emotional Wellbeing and PSHE Framework can be linked with topics that have been chosen across the whole school curriculum (Appendix 1, page 88).

Option 4. Pick and Mix
Take modules from this framework to fill gaps or replace weaker areas in your current delivery programme.

Ten Principles of PSHE Education

The PSHE Association has developed ten principles of good PSHE education that apply across Key Stages 1 to 4 (Appendix 2, page 89). The principles are well worth some study and, if felt useful, sharing with the whole school staff.

Delivery techniques

We have provided five sheets of ideas and examples of Active Learning Techniques (Appendix 3, page 94). These are adaptable to many curricular situations (not solely in PSHE) and encourage active learning.
Assessment

Assessment can be thought of as a continuum ranging from assessment for learning (AfL) to assessment of learning (AoL).

The assessment undertaken can be used in a variety of ways. This may be to feedback progress to children and parents/carers, identification of the need for additional support, perhaps to individuals or to the whole group so as to assist with future planning.

Some techniques are suggested here:

- Reflective diaries
- Group work activities
- Self assessment
- Peer assessment
- Ongoing observations
- Questioning
- Feedback to pupils
- Quizzes
- Questionnaire and surveys
- Internal tests.
- “Before and after” activities

There are assessment ideas included in each of the modules.

Monitoring

One of the key roles of a coordinator is to monitor the work that is being undertaken in the subject across the school. What is important is that whatever method of monitoring is selected, it needs to be effective, user-friendly, not over burdening and quick and easy for both the provider of the information and the user of the information. The way this is done will vary from school to school depending on structure, delivery models and recording systems in use in the school.

- This can be undertaken by looking at teachers’ planning (relatively straightforward if the planning is electronic and accessible).
- A way of monitoring that the planned work is being carried out is to look at outcomes e.g. written work, pictures, displays, assessment activities, photographs, evaluation activities etc.
- The children themselves are a great source of information. Some schools have class blogs where the children themselves report on what they are learning and how. This could of course include some input on the PSHCE/EHWB teaching and learning.
- Some schools use a School Council meeting to discuss PSHCE/EHWB teaching and learning. This is especially useful when the School Council lead is the same as the PSHCE /EHWB coordinator.
- As important as the monitoring itself, is what is done with the information the monitoring provides. It may form part of a report to SLT, the whole staff or to The Governing Body.
Evaluation

Children

Children should be encouraged to evaluate their learning and how the resources that they have been given used, so that their views can be incorporated for future delivery. This can be undertaken in a number of ways. For example: A paper questionnaire; a focus group from a class; an on-line questionnaire; via the class council; a hands up survey. Some of the children’s feedback may also help inform the review of specific whole school policies too e.g. Drug Education Policy; SRE Policy; Anti-bullying Policy.

Staff

It is important to remember to ensure that there is an expectation that all staff who are involved in delivery will reflect on the programme that they are expected to deliver, the materials offered and the resources identified. It may be that they realise that the work is not sufficiently stretching the children (perhaps because it repeats, too closely, areas already studied), that it is not age appropriate (for example, menstruation at the end of Year Five to girls who have already experienced their first period) or that the resources suggested are dated (clothing, hair styles, cultural references) and do not engage the children’s imagination. If this information is sought at the end of each module, a thorough annual review of the programme can be undertaken by the Lead, fairly speedily and effectively.

Some of the staff feedback may also help inform the review of specific whole school policies too e.g. Drug Education Policy; SRE Policy; Anti-bullying Policy.

## MODULE: Valuing Differences and Keeping Safe

By the end of this module pupils should be able to:

- explain sexual difference between males and females, judge what kind of physical contact is acceptable and how to respond if it is not, recognize when and how to ask for help and to resist pressure to do something that makes them uncomfortable.

### Block 1

**Assessment for Learning** – what do pupils already know about the topics covered in this module?

Q&A Differences – review learning from Year 2 topics. Families Mindmap. Hand Outline – draw round your hand and write in 5 people you could ask for help.

### Block 2

I can tell the difference between male and female babies and children.

- I can name male and female body parts using agreed scientific words.
- I understand why males and females have different private parts.

Use photos of clothed babies to discuss whether it is possible to tell if each baby is male or female. Use pictures of babies and children to explain the difference between males and females. Male and female matching cards: Teaching SRE with Confidence Yr 3, Lesson 1: [http://www.cwpresources.co.uk](http://www.cwpresources.co.uk)

### Block 3

- I can identify different types of touch that people like and dislike.
- I can talk about ways of dealing with unwanted touch.

Wordstorm different types of touch; Problem Page scenarios about uncomfortable situations, giving advice and seeking help from a trusted adult: CWP Teaching SRE with Confidence Yr 3, Lesson 2.

### Block 4

- I can identify the similarities and differences between different types of families.
- I understand that it’s important to respect the difference between families.

### Block 5

- I can identify my special people (family, friends, carers) and what makes them special.
- I know how my family should care for one another and who we can go to for help and support.

Draw & Write: Special People and how they help me. Use Childline’s Write a letter to Sam as the basis for a letter writing activity: [http://www.childline.org.uk](http://www.childline.org.uk)

Who Can I talk to? – fill in the grid to identify trusted adults, who are able to help: CWP Teaching SRE with Confidence, Yr 3, Lesson 3.

### Block 6

**Assessment of Learning** – what did pupils learn in this module?

Use Problem Pages to assess responses to different scenarios. Review the choice of people identified in the Hand Outline from Block 1.

School Ethos

A school's ethos underpins the total experience of being in school. It encompasses the physical, spiritual, moral and emotional environment that cannot be achieved or experienced through the curriculum delivery alone and has an impact on pupils, staff and families. It includes being welcomed, positive relationships, excitement for learning, positive modelling of behaviours from staff to pupils, feeling safe, having a sense of belonging and celebrating staff and pupils achievements. The types of interactions the children and young people will experience while at school, from their relationships with each other to those with all members of staff have a significant contribution to their maturation and state of wellbeing.

Key components of a positive school ethos include:

- Strong leadership with high expectations of pupils and staff
- Staff modelling good practice to peers and pupils
- A commitment to equality and tackling discrimination and promoting inclusion
- An environment where staff and pupils feel safe
- Family involvement
- Opportunities to develop social and emotional competencies
- The views of staff, pupils and families inform school developments
- Community cohesion
- Celebrating successes and aspirations
- Participation in healthy activities
- A clear relationship between ‘taught’ and ‘non-taught’ aspects of learning

In this section we have provided additional information and example ideas to support a positive school environment and ethos.
Leadership

School leadership provides the whole school community with direction and motivation, sets a vision for the school and creates an environment in which staff, pupils and parents are able to flourish and contribute to the achievements of the school and development of its culture.

Ideas

- Create a vision and ethos for wellbeing
- Agree core values with the staff, pupils and community
- Embed the values and make them live by threading them through all school activities - the curriculum, assemblies, behaviour management, reward systems, liaison with families
- Find out the signature strengths of the pupils and teachers in the school and work towards having a strength based school

School Environment

The school environment consists of the physical, aesthetic and psychosocial elements of the school. The physical and aesthetic environment includes the school building, contents, surrounding grounds and how they look and appeal to the senses, such as proportions, scale, rhythm, light, materials, noise, temperature, odours and colours. The psychosocial environment comprises the feelings, attitudes and values of pupils, staff and parents/carers, together with the school’s procedures for developing and implementing polices, and making decisions.

Local factors can also affect the school environment, including: social, cultural and religious influences of the nearby communities, geography, socioeconomic status of families and the political make up of the local authority.

Ideas

- When visiting other schools notice how easy it is to find, how easy it is to get in, and how welcoming it is. Bring back your experience to your own school and see what improvements, if any, could be made.
- Independent research on behalf of the School Food Trust into the impact of dining spaces on pupils has suggested that lunchtime is the key period during the school day which governs whether a child feels “happy” in school or not. Simple things such as changing the layout of the dining room furniture, for instance separate long rows of tables into smaller groups or adding finishing touches such as tablecloths, jugs of water and flowers can all help create a pleasant and relaxing environment.
Teaching outdoors can provide a stimulating and enriched learning experience for pupils. For example: measuring and shapes in mathematics, light and temperature in science, and investigating environmental change in geography.

Create active play areas - colour coded zoned areas for a range of different team and individual activities e.g. football, basketball skipping, hoops etc.

Put markings in the playground to help children develop movement fluency and coordination e.g. hopscotch, pathways, circles, stepping-stones etc.

Encourage rest and relaxation by creating a quiet seating area, with some shade, within the school grounds. This could also be used as an outdoor classroom.

Run regular surveys with both pupils and staff to identify issues and then set up focus groups to assist in identifying solutions.

Designate an area to set up a growing club. With good planning even a small space can be transformed using containers, grow bags and hanging baskets.

Staff wellbeing

Staff wellbeing is a complex concept involving emotional, physical and spiritual resilience within the adult. It is important in maintaining motivation and overcoming other challenges involved when working with children and young people both within and beyond the classroom. Staff wellbeing is essential to pupil wellbeing.

Ideas

- Ensure all current support systems are promoted to all staff (for example via a staff notice board, mail out, staff newsletter or in the staff handbook, confidential helpline numbers on the Union Notice Board).

- Encourage healthy lifestyles for staff by organising physical activities for staff one afternoon after school. Pupils who have gained sports leaders’ awards could deliver the sessions.

- Provide space for teachers to think about their own values and wellbeing, and to consider their relationship to the values of the school, in a safe and secure environment. The Philosophy for Children method of enquiry is also a great process to generate thoughts from adults - consider using it in a staff meeting to talk through a particular issue or topic.

- Make a space in the staff room, or another area, which is a quiet, comfortable ‘work free’ space where staff can unwind, without interruption if required.

- Consider a taster staff INSET on relaxation activities, which can be applied to enhancing both personal and school life, for example, mindfulness.
Allocate a regular time slot to celebrate staff work and success in staff meetings.

Write thank you notes or send postcards to staff to acknowledge a particular piece of work, detailing its strengths and the positive impact it has had.

Consider having a Wellbeing Officer at school to lead on and promote initiatives around staff wellbeing.

Pupil Voice

Pupil voice is a process of actively involving all children and young people in their education. It is not a prescriptive methodology, but allows schools the opportunity to develop creative and engaging ways of encouraging pupils’ participation in accordance with their strengths and unique characteristics. An effective pupil voice seeks to include the voices of all children and young people and develop their strengths, skills and interests and is much more than just a school council body. It is an inclusive process and ethos which values and responds to pupil opinions and enhances the life of the school.

Ideas

- Give a group of pupils some cameras to photograph and highlight areas in the school that may need improving.
- Develop a team of Health Ambassadors who promote healthy messages to staff and pupils. Give them responsibility for leading on assemblies, managing an eye catching health notice board and seeking views of staff, pupils and parents.
- Give your Schools Council elections a higher profile. Try running them like a general election, either from this country or use this as an opportunity to learn about election processes in other countries. This enables more pupils to be involved than just those standing for election.
- Go beyond simple surveys. Train a group of children and young people on creative methods for consulting with their peers.
- Remember that such resources as “Worry” or “Suggestion” boxes are simple and effective ways of gathering pupil feelings and ideas.
Family Involvement and Support

Family involvement refers to a child’s parents or carers taking responsibility for their role in their child’s education, working in collaboration with the school to achieve what is best for their child and having the opportunity to share their views and wishes with the school. This includes supporting their child’s education at home and providing them with a stable, caring environment in which to grow and develop. It can also include family members being actively involved in the life of the school, for example, as a school governor, reading support or helping at school events. Schools are able to provide a range of opportunities and initiatives that support and enable family involvement.

Ideas

- Is it mainly mothers who are involved in your school? Set up a weekly club for fathers and their children to do activities together. The Family SEAL resources could support structuring this.

- Does your school have a proportion of parents whose second language is English? Set up a language group for parents to attend where they will not only develop their language skills, but encourage peer support and identify needs.

- Consulting with parents doesn’t always have to be a big event. Communicate via a schools website or notice board. Something as simple as inviting comments on a particular issue or policy through jotting ideas on post it notes and sticking them on the board can be helpful.

- If you want to encourage a group of parents to come into the school for a consultation or information sharing event, plan a small pupil presentation or music event to happen prior to encourage them to attend.

- Be patient building the confidence and trust of working with some parents. Try first an initial home visit, then some follow up support visits, then an invitation to a coffee morning at the school. Take some of their child’s work or certificates with you to show them what they are achieving.

- Have a stack of cards in reception and invite parents to write down any skills or interests they have that they may be interested in using within the school.

- Are you able to organise a crèche for parent events? Looking after small children is sometimes a key reason why parents are unable to attend school events.

- Welcoming, familiar faces can make a huge difference. Staff consultations have shown that meeting and greeting parents at the gate each morning and afternoon can help build positive relationships between staff and parents.

- Regular “coffee morning” for parents/carers can be a vehicle for engagement with families. Some schools then invite a guest (often a professional) to each session e.g. school nurse to talk about what ever issue is current.
Anti-Bullying

Bullying is a subjective experience and can take many forms. However for the purpose of a shared definition, the Anti-Bullying Alliance Statement of Purpose explains bullying as, the intentional hurting of one person by another, where the relationship involves an imbalance of power. It is usually repetitive or persistent, although some one-off attacks can have harmful effect on the victim.

Ideas

- Use Anti Bullying week not only to raise awareness of bullying and to promote positive messages but also to celebrate the positive relationships and inclusive initiatives pupils and staff have engaged in over the past year.
- Ensure all staff fully understand the school’s Anti-Bullying policy. Deliver a group staff activity where staff discuss bullying scenarios and find responses to them within the policy. This is also a good way to consult with staff on the content of the document and check in with how confident staff actually feel in responding to bullying.
- Issue pupils with cameras and ask them to photograph areas of the school they may not feel safe in. Work with pupils to develop these as safe areas.
- Buddy Bus Stops in the playground will ensure children always have someone to play with and build positive peer relationships.

Community Cohesion

A school’s contribution to community cohesion can be grouped under the three following headings:

1. **Teaching and learning:** teaching pupils to understand others, debate and promotion of common values and diversity, challenging prejudice and stereotyping.
2. **Equity and excellence:** removing barriers to access and participation, offering equal opportunities to all pupils to succeed at the highest level possible.
3. **Engagement and ethos:** providing opportunities for all pupils and families to interact with each other.

Ideas

- Ask the pupils in your class to map what cultural events are important to them throughout the year and mark them on a large yearly calendar. Invite pupils to talk about them to the class as they occur.
- Have story telling in assemblies and in lessons that focus on stories from different cultures. Reflect and focus on the strengths that each story demonstrates.
- Enrich the curriculum programme through fieldwork, visits and meetings with members of different communities.
- Work with key members of the community, or local voluntary and community groups to develop the range of activities they could offer to your pupils, such as mentoring schemes.
- Consider a pupil-led research project into the types of differences they celebrate, tolerate or find difficult. The
findings could be presented at local and/or national events or conferences.

- A school twinning project to another town, either in the UK or abroad (or both), which encourages interaction of pupils of different backgrounds through emails, letters, visits, sports, arts and celebrating religious festivals.

Healthy activities: physical activity, healthy eating and emotional health

Healthy activities are the regular exercise and nourishment of both body and mind. They encompass physical activity, healthy eating and emotional health and wellbeing. All three are interrelated and directly impact on each other.

Ideas

- Encourage your staff to sit with the children at mealtimes, choose from the same food selection, and encourage appropriate social skills at the dining table. This will help your pupils to develop confidence in eating with other people.

- When planning a school menu, start by carrying out a survey with the pupils to get their views and ideas. You could also devise a competition to design a healthy school lunch. Giving the children ownership of a school menu will generate interest in the school meal and have a positive effect on school meal uptake.

- When you introduce new menu ideas hold a tasting event for the children to sample the different flavours and textures. Tasting can take place in the dining room, either by giving children a small taster of the day’s new dish in the queue, setting up a table on the way into the dining room where children can taste the daily special, or at parent/carer events.

- Organise a taste-a-thon in a healthy eating week, when children can taste a variety of different foods. Parents can also be involved especially if the event is arranged at the start or end of the school day.

- Involve your pupils in growing activities and give them the chance to experience the rewards of growing first-hand. This can also help to develop an understanding of healthy diets, raise awareness of where food comes from and how we rely on plants for food. This can include windowsill herbs started at school and then taken home.

- Try a new team sports with a class e.g. kickball, which is a bit like rounders with feet instead of bat. Team sports provide an excellent opportunity to form and develop classroom bonds.

- Provide extracurricular classes that promote physical activity and also appeal to children who are not interested in the regular team sports e.g. hiking, yoga, dance or cycling.
The Arts

The arts include theatre, dance, music, visual arts, literature and culinary arts. All are an important part of culture and provide a means for people to creatively express their ideas, emotions, and beliefs, together with celebrating their achievements.

Ideas

- Work creatively with themes, stories and literature. For example, ask the pupils to visually create the landscape or street the story is set in, get them to role play key characters in the story and hot seat them.
- Start a school choir for parents and teachers.
- Work with an artist or group of artists to create an area or celebrate an event within the school grounds i.e. relaxation corner, mural depicting achievements within the school community.

Spirituality

Ofsted has offered guidance for schools on encouraging pupils’ spiritual development and provided the following definition:

“Spiritual development is the development of the non-material element of a human being which animates and sustains us and, depending on our point of view, either ends or continues in some form when we die. It is about the development of a sense of identity, self-worth, personal insight, meaning and purpose. It is about the development of a pupil’s ‘spirit’. Some people may call it the development of a pupil’s ‘soul’; others as the development of ‘personality’ or ‘character’.”

Ideas

- Play calm, beautiful music and give the children drawing materials to draw whatever comes into their minds.
- Make time at the beginning of lessons to allow the pupils to settle and centre themselves and allow time at the end of the lesson for quiet reflection.
- Use a lesson for your pupils to go on a silent walk in the school grounds. Give them space and time to really notice their surroundings. This could lead to an interesting piece of reflective homework.
- Allocate a silent space/room in school, which allows strong silence and deliberate stillness.
- Free dancing or free running is a great example to use for discussion and experience with your pupils to explore how being totally absorbed in an activity can produce spiritual awareness.
- Create a calm, reflective environment through ritual. For example, by lighting a candle at the beginning of a session, and using sound from a Tibetan bowl to signal the beginning and end of an activity.

**Saving Londoners Lives**
Saving Londoners’ Lives (SLL) is a partnership project aiming to increase the number of people in the capital with emergency life support (ELS) skills. ELS is the set of actions needed to keep someone alive until professional help arrives. Whether someone has had a heart attack, is choking or bleeding, the prompt action of a bystander can make the difference between life and death.

It is never too early to start learning ELS. School is an ideal environment in which to learn ELS within the existing curriculum. The ELS programme can be carefully tailored to the individual requirements of each school, and enables schools to establish flexible delivery of ELS skills to their pupils.

Teachers and other school staff receive free instructor training in ELS from St John Ambulance equipping them to deliver the British Heart Foundation’s (BHF) Heartstart UK programme to their pupils. They are supported by medical students from the 5 London medical schools who are specially trained by the London Ambulance Service NHS Trust.

Worry, loss, grief and bereavement

Child Bereavement UK
Child Bereavement UK believes that all families should have access to the support and information they need when a child grieves or when a child dies. Through understanding their grieving process and receiving help in dealing with bereavement from appropriately trained professionals, families can learn to live with their grief and begin rebuilding their lives.

www.childbereavement.org.uk

Childhood Bereavement Network
“The Childhood Bereavement Network (CBN) is the hub for those working with bereaved children, young people and their families across the UK. We underpin our members’ work with essential support and representation: bringing them together across localities, disciplines and sectors to improve bereavement care for children.

Collectively, we share a vision that all children and young people in the UK, together with their caregivers, can easily access a choice of high quality local and national information, guidance and support to enable them to manage the impact of death on their lives.”

www.childhoodbereavementnetwork.org.uk

Cruse Bereavement Care
Many children and young people experience the death of a parent, caregiver, sibling or grandparent. Even very young children can be deeply affected by the death of someone close. Children and young people react differently depending on their age and understanding but all should be supported to understand and express their grief.

www.cruse.org.uk

Grief Encounter
“Our vision is that every bereaved child in the UK, and their family, receives access to quality support to help alleviate the pain caused by the death of someone close.”

www.griefencounter.org.uk

Winston’s Wish
Every 22 minutes a child in Britain is bereaved of a parent; this equates to 24,000 newly bereaved children each and every year. “The death of a parent or sibling is one of the most fundamental losses a child will ever face. At Winston’s Wish, we believe that bereaved children need support to make sense of death and rebuild their lives – and that is why we exist.”

Directory of books that support teaching and learning in Emotional Wellbeing and PSHE

We have sorted the books under the following headings:

- Bullying
- Cruelty
- Difference and Diversity
- Domestic Violence and Abuse
- Emotions and Feeling
- Friendship
- Mindfulness
- Worry, loss, grief and bereavement

Bullying

**Big Bad Bun**

There never was a rabbit as bad as Big Bad Bun. Or so you’d think if you read the letter which he left on his bed after school one day...but it turns out Big Bad Bun (whose real name is actually Fluff) might not be as bad as he makes out. His school report aside, that is!

**Is it because?**

A little boy is wondering why he is bullied by his classmate Peregrine Ffrogg. And the questions he asks leads him to a greater understanding of himself and the bully.

**Laura’s Secret**

When Laura and her little brother Tommy make a kite they can’t wait to watch it fly as high as the stars. Are Laura and Tommy brave and bold enough to ignore the horrible boys who laugh at their homemade kite?

**Leave me Alone**

Peter is excited about moving to a new house, although he has to leave his best friend behind. But at his new school he soon comes up against Jack, the class bully, who makes Peter’s life a misery.
Leaves me Alone
A young boy struggles to stand up to his bully until his friends show him that eight loud voices are stronger than one!

Little big mouth: mix and match the monsters!
It's Blue Monster's first day at Monster Academy and Little Green Monster thinks it's really funny to call him rude names. Children will learn an important lesson as to why you shouldn't call names, as well as having fun mixing and matching the monster body parts.

Mine’s bigger than yours
Little Hairy Monster is sitting on a rock licking a lollipop, when along comes Scary Monster. "I'm bigger than you!" says Scary Monster. "Give me your lollipop!" But Little Hairy Monster won't, no matter how much he tries to bully her, and Scary Monster is in for a big surprise...

Smelly Bill: Love Stinks

Who’s Afraid of the big bad bunny?
A funny story about a big, bad bunny, and how to stop bullies like him!

Why can’t I play?
Hawkins, Elizabeth and Bolton, Bill, Tamarind. 2010.

It's the summer holidays, and a new girl arrives at the park. She's mean and bossy. She boasts about her house, with its lake full of boy-eating crocodiles, its dungeon towers and worse hazards. When the new girl's mother hands out party invitations, the children are naturally not so keen. Their parents think the party is a lovely idea and they agree to take the children. The new girl's house does not have any horrible hazards, and the party is great fun. When it comes to blowing out the candles, the new girl makes a wish... that she can play with the children.

Willy the Champ
Browne, Anthony, Walker 2008
Willy is different. He likes to read books and listen to music; he's no good at sports, although he tries; and wherever he goes he gets laughed at. But when he's threatened by the horrible Buster Nose he really comes into his own.

Willy the Wimp
Browne, Anthony, Walker 2008
Willy is kind and gentle, and bullied by the suburban gorilla gang who call him "Willy the Wimp". Desperate to do something about his situation, Willy answers a bodybuilding advert and grows big and strong, determined no one will ever call him "wimp" again.
Cruelty

**A Terrible Thing Happened**

Sherman Smith saw the most terrible thing happen. At first he tried to forget about it, but soon something inside him started to bother him. This gently told and tenderly illustrated story is for children who have witnessed any kind of violent or traumatic episode, including physical abuse, school or gang violence, accidents, homicide, suicide, and natural disasters such as floods or fire.

**Willow Pattern Story**

The story involves Koong Shee, a young Chinese woman who is imprisoned in a garden and who is promised to an old trader called Ta Jin. She falls in love with a young man called Chang, who is able to see her each day whilst dealing with her father's affairs. The two communicate with each other using the birds as messengers. Koong and Chang manage to flee before the wedding takes place and are happy for a while until they are found, brought back and imprisoned under the pagoda, depicted in the pattern. It is there that they eventually perish but are then transformed into the two doves.

Difference and Diversity

**ABC: A Family Alphabet Book**

It's family fun from A to Z in this alphabet book that shows kids and their parents laughing, playing and enjoying family life. All of the brilliant watercolors depict families headed by gays and lesbians.

**And Tango Makes Three**

EY/FS - year 3-This tale based on a true story about a charming penguin family living in New York City's Central Park Zoo will capture the hearts of penguin lovers everywhere. Roy and Silo, two male penguins, are "a little bit different." They cuddle and share a nest like the other penguin couples, and when all the others start hatching eggs, they want to be parents, too.

**Anna Ray and the O-Ring**

For ages 4-8. When Asha's lesbian mums become an issue for the teacher and the curiosity of classmates, Asha responds that having two mums is not a big deal. They are a family.

**Asha's Mums**

For ages 4-8. When Asha's lesbian mums become an issue for the teacher and the curiosity of classmates, Asha responds that having two mums is not a big deal. They are a family.
Bill’s New Frock
Fine, Anne. Egmont, 2007

Bill Simpson wakes up to find he’s a girl, and worse, his mother makes him wear a frilly pink dress to school. How on earth is he going to survive a whole day like this? Everything just seems to be different for girls . . .

Daddy’s Roommate

Feather Boy

Nicky Singer’s Feather Boy is more than just a story about bullying. It’s about finding your voice, shouting from the rooftops about something you believe in, refusing to back down, helping a friend and never giving up. It’s enormously uplifting, accomplished and satisfying. (Age 10 and over).

Felicia’s Favorite Story

EY/FS - Year 1. In a story set in a loving family with two women as parents, a little girl asks for her favourite bedtime story - the tale of how she became part of the family.

Giraffes Can’t Dance

A lovely story, wittily illustrated by Guy Parker-Rees and told in rhyme by the award-winning author Giles Andreae, it has a stealth and humour that makes it perfect for reading aloud. (Ages 3 to 5 years).

Gloria Goes to Gay Pride

Gloria begins her narrative with a description of some of the events that occur during such celebrations as Valentine’s Day, Halloween, Chanukah and Mother’s Day. She then recounts the events, colours, people and families who make up Gay Pride Day (ages 3 – 7).

Heather Has Two Mommies

When Heather goes to playgroup, at first she feels bad because she has two mothers and no father, but then she learns that there are lots of different kinds of families and the most important thing is that all the people love each other.

Hello Sailor

Matt lives in a lighthouse. He watches the sea every day for ships and for his friend, Sailor. Rose and Felix say Sailor is never coming back, but Matt won’t give up hope. Surely Sailor will come back for
Matt's birthday? This gentle story of hope and friendship complemented by Ingrid Godon's subtle illustrations will charm every parent and child.

**How It Feels to Have a Gay or Lesbian Parent: A Book by Kids for Kids of All Ages**

This book gives voice to the thoughts, feelings and experiences of children, adolescents and young adults who have a gay or lesbian parent. The one-on-one interviews illustrate the effects of homophobia on family life. These are stories of acceptance and understanding.

**Inventing Elliot**

Inventing Elliot is a chilling but fully believable story about a boy who is violently bullied at his school, recommended it to all those in the 13 to infinity age bracket.

**It's Perfectly Normal: Changing Bodies, Growing Up, Sex & Sexual Health**
Harris, Robie H, and (Illustrator) Emberley, Michael. 10 ed: Candlewick Press (MA), 2004 (0763624330, 978-0763624330).

Visually, the book is in colour throughout, has enjoyable pictures and is not afraid of using nudity in pictures. The attitudes expressed are excellent, beginning with the bird and bee characters expressing different feelings about learning about sexuality; the attitudes towards (for example) homosexuality, non-nuclear families, race, and masturbation demonstrate an acceptance of difference, a respect for others, and a positive attitude to it all.

**Jump**

Every Saturday Steven watches his sister at her ballet class - jumping and dancing - and he longs to join in. But his mother says that real boys don't dance; they play games like basketball. However, there's one skill that you need for both ballet and basketball - and, fortunately for Steven, it's the thing that he loves doing best!

**King and King**

When a grouchy queen tells her layabout son that it's time for him to marry, he sighs, "Very well, Mother" Princess Madeleine and her brother, Prince Lee appear in the doorway. The hero is smitten at once. "What a wonderful prince!" he and Prince Lee both exclaim. First-time co-authors and artists de Hann and Nijland matter-of-factly conclude with the royal wedding of "King and King," the pageboy's blushing romance with the leftover princess and the assurance that "everyone lives happily ever after." Ages 6-up.

**King and King and Family**

Join newlyweds King Lee and King Bertie on their journey into the noisy jungle. As they float down a river, wild animal families turn out to greet them but the royal travellers suspect something more significant awaits them in the trees. The illustrious pair soon
discover that there is no adventure more wonderful than starting a family.

**Long Live Princess Smartypants**
This is a modern fairy tale for the twenty-first century and a second adventure for the irrepressible and highly popular Princess Smartypants. Princess Smartypants has decided she'd like to have a baby but doesn't want the husband to go with it.

**Man’s work (all in a day)**
A word free picture book for early years. (One of a whole series)

**Molly’s Family**
EY/FS to Yr 2. When Molly draws a picture of her family for her class, Tommy jeers at her that no one has two mommies. At first she is angry and hurt, but with the support of her teacher and her loving parents she comes to accept her family. Wooding’s warm, soft-textured colored-pencil pictures show Molly in her lively classroom and in her happy, nurturing home.

**Mummy, Mama and ME**
Rhythmic text and illustrations with universal appeal show a toddler spending the day with its daddies. Share the loving bond between same-sex parents and their children.

**Mummy Never Told Me**
What are tummy buttons for, and how do they get there? Why do grown-ups have hair in their ears but sometimes none on their heads? Why do some women prefer to fall in love with other women, and some men with other men? Babette Cole explores these questions and many more with her wonderfully sharp text and riotously funny illustrations.

**My Boy: A Two Mom Story**
An illustrated book about twins with two mothers.

**My Brother Bernadette**
Sara tries to take care of her younger brother when he is teased and called Bernadette at summer camp, but he finds an activity that he enjoys and that gives him the chance to shed his new nickname for good.

**Oliver Button Is a Sissy**
Oliver B. doesn’t like basketball, or volleyball, or any kind of ball. So he ends up going to tap dance classes. Well, after a lot of teasing there is a talent show in which he loses!
**One Dad, Two Dads, Brown Dad, Blue Dad**

Two children - one with blue dads and one from a more traditional family - compare notes in this light hearted, easy-to-read book about parents who are different. In the end, of course, they discover that blue dads aren't really that different from other dads. Except for one thing.

**Pass It, Polly**

The park’s an exciting place to be after dark, though a little bit scary - especially when the Thing (a night train) hurtles out of the darkness, seeming to chase them.

The Red Woollen Blanket

Even before Julia was born she was given a red woollen blanket that she used "right from the start." PW said, "Graham’s colourful paintings show a humorous, tender regard for a preschooler’s inexplicable attachment to a particular object." Ages 2 to 4.

Tiger, Tiger, is it true?
Bryon, K. Hay House, 2009

When Uncle Bob Died (Talking it Through)

A young boy talks about death and about Uncle Bob who died from an illness. It clearly explains some basic facts such as what ‘dead’ means and what a funeral is. It also talks about feelings and memories. This small picture book would be a good starting point for very young children with lots of opportunity for further discussion.

Worry, Loss, Grief and Bereavement
BOOKS FOR AGE 5 TO 8 YEARS

A Birthday Present for Daniel, A Child’s Story of Loss

Told by a young girl whose brother, Daniel, has died, she talks about how things have changed in the family. She also talks about the things she does when she is sad and how these differ from other members of her family.

Always and Forever

Otter, Mole and Hare miss Fox when he falls ill and dies. They stay at home and don’t want to talk about him because it makes them sadder. Then Squirrel visits and reminds them of all the fun times they had together. They all find a way to remember Fox and get on with their lives.

Badger’s Parting Gifts

Badger is old and knows he is going to die soon. When he does, the other animals think they will be sad forever, but they begin to talk about the memories they have of the things Badger taught them and learn to cope with his death.

Drop Dead
A humorous book with comic-like pictures, two ‘bald old wrinklies’ tell their grandchildren about their life growing up and how one day they will just drop down dead. It is a light-hearted book about life that emphasises the normality and inevitability of dying. It is very direct and some readers may not like its style.

**Flamingo Dream**  

In this bright and colourful book, a young boy tells the story of his Dad who is seriously ill and dies soon after a trip to Florida to see the place where he grew up. The collage style illustrations capture the things the boy collects to remind him of his Dad. A sensitive but honest book that emphasises the importance of memories.

**Fred**  

A light-hearted book with detailed illustrations about Fred, Nick and Sophie’s lazy cat that dies. After burying him in the garden, they wake up at night to find all the cats in the area have come to say goodbye to Fred, the famous singer! This funny and touching story would be useful to introduce death to children.

**Grandpa – The Book of the Film**  

This beautifully detailed picture book has very few words but tells the story of a little girl’s relationship with her Grandpa. It takes the reader through many happy times they spent together playing games, telling stories and on outings. On the last page, Grandpa’s chair is empty, signifying that he has died.

**Heaven**  
Allan, Nicholas (ISBN: 978-0099488149)

While he is waiting for the angels to collect him, Dill explains to Lily what he thinks heaven is like: hundreds of lampposts to pee against, lots of whiffy things to smell and bones everywhere - with meat on them! But, Lily completely disagrees; she thinks heaven is quite different. Luckily, they agree to disagree just in time for a fond, and very poignant, last goodbye.

**The Huge Bag of Worries**  

Jenny begins to worry about lots of different things and these worries build up and get out of control. She just can’t get rid of them, until she meets the old lady next door who helps her feel better. A lovely story with fun illustrations encourages children to talk about their worries.

**Saying Goodbye: A Special Farewell to Mama Nkwelle**  

This book has large bright colourful photos and follows a little boy, Ikenna describing what happens at the ceremony after his great-grandmother’s funeral. It gives ideas of different ways to remember someone and an insight into Nigerian culture.
Saying Goodbye to Daddy

Clare’s Dad died in a car accident and this book looks at changes in the family, difficult feelings, funerals and memories through the eyes of Clare. It would also be a good book to help parents understand the child's perspective. It gives good examples of how adults can answer children’s questions, emphasising the need to be clear and honest.

The Lonely Tree
Halliday, Nicholas. Halliday books.

Universally praised and beautifully written and illustrated, 'The Lonely Tree' follows the first year in the life of a lone evergreen growing in the heart of the ancient oak woodland of the New Forest. The evergreen is befriended by the oldest oak who has lived for hundreds of years. When winter arrives all the oak trees must go to sleep, but of course evergreens never sleep. Finally, after a long, cold and lonely winter, spring brings both sadness and joy to the little tree.

There’s NO Such Thing as a Dragon

There’s No Such Thing as a Dragon (1975) by Jack Kent, part of the Family Storytime series, relates the charming tale of Billy Bixbee, who awakens to find a dragon "about the size of a kitten" sitting on his bed. The dragon grows by leaps and bounds, until Billy dares to pet the attention-seeking creature and it shrinks back down into an adoring little lap dragon.

The Sunshine Cat

Sunny the cat is loved by all his human family, but one day there is a knock at the door - Sunny has been killed in an accident. A sensitive story that aims to help children come to terms with death.

The Tenth Good Thing About Barney

A young boy’s cat dies and his parents suggest that he could think of ten good things about Barney to tell at the funeral. But he can only think of nine, until he talks to his Father about what happens to someone after they have died, and he discovers the tenth. A carefully written book with black and white pictures, that sensitively deals with death and lets the reader make his or her own decisions about what happens after the funeral.

When Dinosaurs Die: A Guide to Understanding Death

This factual picture book uses cartoon dinosaurs to illustrate the text and comment on what is said. It is a bright and colourful book that explains death in a simple and unthreatening way. It covers many issues including ‘why does someone die?’, ‘feelings about death’ and ‘saying goodbye’.
Worry, Loss, Grief and Bereavement

BOOKS FOR AGE 9 – 12 YEARS

Beginnings and Endings with Lifetimes in Between, A beautiful way to explain life and death to children

This thought provoking book has large pictures complemented with small sections of text. It clearly explains about life and death focussing on plants, animals and insects before moving on to people. It emphasises that death is part of the life cycle and is natural and normal whenever it occurs.

Death: What’s Happening?

This factual book has clear text and large photos. It uses stories of young people to discuss issues surrounding death such as feeling frightened, the funeral and the future. It includes advice on how to feel better and cope with difficult situations after someone has died.

Explaining death to children

This pocket size booklet with small black and white pictures is based on a fable, associating death with a water bug’s transformation into a dragonfly. It portrays the mystery around death but may need an adult to explain the analogy and help a child relate it to their own experience. It uses Christian beliefs with a focus on life after death and also contains advice for parents.

Losing Uncle Tim

This picture book for slightly older children explains how a young boy finds out his Uncle Tim has AIDS and is going to die. It is a serious and sensitive book covering many of the issues, changes and difficult feelings that can occur when someone has a serious illness.

Michael Rosen’s SAD BOOK

We all have sad stuff, but what makes Michael Rosen most sad is thinking about his son who died. This book is a simple but emotive story. He talks about what sad is and how it affects him and what he does to cope with it. In true Michael Rosen style, this book manages to make you smile as well.

Milly’s Bug Nut

A short, simple story with black and white pictures, of a young girl who’s Dad has died. It talks about the ups and downs of family life and how things slowly get easier as time goes. Milly misses her Dad and things are just not the same anymore. She knows when people die, they can’t come back but she still keeps a wish to see her Dad one more time.

The Best Day of the Week
This storybook tells of two young children who spend Saturdays with their Grandparents when Mum is at work. It has three chapters, with stories of three different Saturdays. The first is a happy day; the second is at the hospital and sad as Granny dies, the third at the theatre. It is a lovely story that gives an important message that it is still okay to have fun after someone dies.

**The Cat Mummy**  

Verity’s Mum died the day she was born but she rarely talks about her. Verity doesn’t want to upset her Dad or Grandparents. This humorous but sensitive story mainly focuses on Verity’s missing cat Mabel but reveals some of the misunderstandings and anxieties children can have about death. It also shows it can be good to be open, honest and to talk about difficult issues.

**The Ghost of Uncle Arvie**  

This fun and humorous book is about Danny, an ordinary nine-year-old boy. However, once or twice a year a ghost visits him. This time it is the ghost of his Uncle Arvie who follows him, persuading him to make his three wishes come true. This book has some important messages and talks about death in an open way, but is primarily fun and imaginative.

**The Mountains of Tibet**  

Based on Tibetan teachings, this book tells of a small boy who grows up to be a woodcutter. When he dies, he discovers there is a chance to live again but first he must make a number of choices. A simple tale with deep meaning but the theme of reincarnation could be confusing.

**What on Earth Do You Do When Someone Dies?**  

This book for older children is a factual guide, answering questions such as ‘why do people have to die?’, ‘is it okay to cry?’ and ‘what is a funeral/memorial service?’ It is written in a straightforward way, with practical tips, advice and information about different faiths and beliefs.

**Ways to Live Forever**  

If I grow up," 11-year-old Sam informs readers, "I’m going to be a scientist." He says "if" because he has acute lymphoblastic leukaemia and knows he probably won’t. With the encouragement of his tutor, he starts to write a bit about himself, then more, until he is using his writing to sort out his death. Interspersed with Sam’s lists, questions and odd bits of mortality facts on notebook paper, his narrative proceeds in short, candid chapters that reveal a boy who, though he’s not ready to die, nevertheless can confront the reality with heartbreaking clarity.

Appendix 2: PSHE Association’s Ten Principles of PSHE Education

To find out more visit: [http://www.pshe-association.org.uk/](http://www.pshe-association.org.uk/)

The PSHE Association has developed the following ten principles of good PSHE education that apply across Key Stages 1 to 4:

1. Start where children and young people are: find out what they already know, understand, are able to do and are able to say. For maximum impact involve them in the planning of your PSHE education programme.

2. Plan a ‘spiral programme’ which introduces new and more challenging learning, while building on what has gone before, which reflects and meets the personal developmental needs of the children and young people.

3. Take a positive approach, which does not attempt to induce shock or guilt but focuses on what children and young people can do to be healthy, stay safe, enjoy and achieve, make a positive contribution and achieve economic wellbeing.

4. Offer a wide variety of teaching and learning styles within PSHE education, with an emphasis on interactive learning and the teacher as facilitator.

5. Provide information which is realistic and relevant and which reinforces positive social norms.

6. Encourage young people to reflect on their learning and the progress they have made, and to transfer what they have learned to say and to do from one school subject to another, and from school to their lives in the wider community.

7. Recognise that the PSHE education programme is just one part of what a school can do to help a child to develop the knowledge, skills, attitudes and understanding they need to fulfil their potential. Link the PSHE education programme to other whole school approaches, to pastoral support, and provide a setting where the responsible choice becomes the easy choice. Encourage staff, families and the wider community to get involved.

8. Embed PSHE education within other efforts to ensure children and young people have positive relationships with adults, feel valued and where those who are most vulnerable are identified and supported.

9. Provide opportunities for children and young people to make real decisions about their lives, to take part in activities, which simulate adult choices and where they can demonstrate their ability to take responsibility for their decisions.

10. Provide a safe and supportive learning environment where children and young people can develop the confidence to ask questions, challenge the information they are offered, contribute their own experience, views and opinions and put what they have learned into practice in their own lives.

**Active learning technique** | **Description and purpose** | **KS1 example** | **KS 2 example**

**Case Studies** | Another useful distancing techniques. Pupils have the opportunity to consider consequences of the action of the characters, how things could have been done differently and how it relates to their own experience. | • Amazing Grace – discussions prompt on stereotypes  
• Six Dinner Sid – discussion prompt on community living | • Using character/scenario from a soap/other TV show (age appropriate)  
• Books – e.g. ‘Holes’ – should Stanley have confessed to a crime he did not commit?  
• Another useful distancing techniques.  
Pupils have the opportunity to consider consequences of the action of the characters, how things could have been done differently and how it relates to their own experience.  
Case Studies |  
**Circle Time** | Approach to work out class or playground issues and also suited to PSHE related activities. Pupils sit in a circle, giving a sense that everyone is equal. They all get the opportunity to speak if they choose to. An artefact is passed around from person to person as an indication of the right to contribute or pass. | • I like food because....  
• I am .... and I feel.....  
• My friend is a good friend because......  
• In the playground, I feel....... because...... | • Assessment – how do you feel about discussing puberty (before and after)  
• Pupils state something about their names, e.g. who they are named after, what their name means.  
Circle Time |  
**Continuums** | Aim to hear and understand a range of views. Having listened to a statement, pupils asked to physically place themselves along a line that best reflects their opinion i.e. completely agree/disagree. Participants can explain why they are where they are. Offer the chance to move position having heard other arguments. | • Likes/dislikes of different foods  
• A friend should....  
• It is safe to......  
• Book: Two Monsters – should they have retaliated? | • Carrying a mobile phone increases your personal safety  
Continuums |  
**Drama Activities** | Opportunities for pupils to express themselves either personally or “in character”. It gives opportunities for pupils to express feelings in a safe way. It also develops confidence and self-esteem. | Act out favourite book  
Read the first part of a story; pause and ask children to act out their ideas of how it unfolds.  
Movement to show feelings | Arguments with siblings at home  
Assertiveness as opposed to aggressive discussions  
Re-enact TV scenario with a different outcome  
Drama Activities |  
**Chat show/debates** | This is a controlled way of discussing issues. Can link with drama (above) being in role. Allows children to research and develop rational argument. With more able, ask the individual’s opinion and then ask them to debate for the opposite point of view. | • Link to local/National politics/elections  
• Link to school council issues for discussion  
• Debate local environmental issues | • Link to local/National politics/elections

<td>Can be used effectively before and after a topic as a way of recording and assessing progress and development. Use of a different colour on the same paper before and then after shows that development clearly. Also it gives the teacher an understanding of the where the children are starting from e.g. in drug education “Jugs and Herrings” exercise.</td>

<td>Children mark on a line, things that they could do at different stages in their lives. Or give cards with ability on and ask individual to put it on a time line. Good for history; also literacy – cards have events from a story and the line represents the story. Sequencing skills.</td>
<td>Pictures of child as a baby through to age 6. In pairs or groups add to the time line, things they could do at certain ages.</td>

<td>Use of books as a means of exploring sensitive issues. Consider alternative endings. Consider a story from someone else’s point of view.</td>
<td>Read half of a book or up to a suitable stopping place. Ask children in pairs or groups, to discuss what they think is going to happen next. Read more and repeat. Then complete the rest of the story and discuss whether the original or their suggested alternative is the better ending.</td>
<td>Teacher provides a scenario e.g. my dad had to go away. Mum won’t explain why. Children are then given a few minutes to think how the story is going to develop. Then in groups they develop a story using their ideas.</td>

| Saying “No”                   | Pupils work in pairs. ‘A’ tries to persuade ‘B’ to do something against their will e.g. to eat a bar of chocolate. ‘B’ tries to resist without using the word “No”. Chose a pair to show. Then reverse the roles so ‘A’ becomes ‘B’. Develops language, skills in resisting pressure and deals with problems of keeping secrets. | Persuade and resist  
▪ Eating something you do/ do not want to  
▪ Playing a game  
▪ Reading a book                                                                                             | ▪ Having a cigarette                                                                                                                                                |
